HEATHER DEJESUS YATES

**A Mother Of Thousands: From Barren to Revolutionary**  
by Heather D Yates

## Synopsis:=====

"Heather, you can't create life..." This was the message Heather DeJesus Yates, speaker and author of *All The Wild Pearls*, heard every month pregnancy tests came back negative. "If you feel like everyone else can create life, except you - you know what it feels like to be the barren woman." Since ancient times, to be barren was to be cursed. For couples struggling with infertility today, it can feel like nothing has changed. But there is hope for the barren womb... ..the impossible is possible now... ?...all thanks to an empty tomb! In her characteristic way of drawing hope from God's tiniest creations, Heather shares her personal journey with infertility grief, even giving her husband control of some of the pages - and introduces you to a barren plant that changed everything. "In God's economy a barren plant can take over a yard, and a barren woman can be a mother...even a mother of thousands!" The creative God of all things plant and person can bring revolution from the barren.
