Once a Warrior: How One Veteran Found a New Mission Closer to Home
by Jake Wood

Synopsis:=====

The powerful story of one Marine who found healing and renewed purpose after returning from combat, for himself and tens of thousands of fellow veterans. When Marine sniper Jake Wood came home in 2009 from grueling tours in Iraq and Afghanistan, his country asked yet more of him: to compartmentalize his traumatic memories, put his elite military training on a shelf, and adjust to living outside high-stakes situations. Jake feared he would join the huge population of veterans struggling to reintegrate. Since 2001, more service members have died by suicide than have been killed in Afghanistan. One activity helped Jake and his friend and fellow Marine Clay Hunt find a measure of hope: helping communities after disasters, where their training rendered them unusually effective in high-stakes situations. But as their new organization struggled to get off the ground and the VA tied up Clay's meds in red tape, Clay committed suicide. Reeling, Jake resolved to help as many disaster-affected
