by Lily Nichols

## Synopsis:=====

Prenatal nutrition can be confusing. A lot of the advice you have been given about what to eat (or what not to eat) is well-meaning, but frankly, outdated or not evidenced-based. In *Real Food for Pregnancy*, you'll get clear answers on what to eat and why, with research to back up every recommendation. Author and specialist in prenatal nutrition, Lily Nichols, RDN, CDE, has taken a long and hard look at the science and discovered a wide gap between current prenatal nutrition recommendations and what foods are required for optimal health in pregnancy and for your baby's development. There has never been a more comprehensive and well-referenced resource on prenatal nutrition. With *Real Food for Pregnancy* as your guide, you can be confident that your food and lifestyle choices support a smooth, healthy pregnancy.
