Synopsis:=====

This time-tested classic?first published more than sixty years ago?has helped millions achieve mastery of English.?Word Power Made Easy is the most effective vocabulary builder in the English language. It provides a simple, step-by-step method for increasing knowledge and mastery of written and spoken English. Arranged in thematic sections?on everything from how to flatter friends and insult enemies to how to talk precisely about science and medicine?the book is written in a lively, accessible, and often humorous style, presenting ideas and a method of broadening your knowledge as an integral part of vocabulary-building. The author delves into etymology to arm the reader to decode unfamiliar words, provides phonetic

pronunciations, gives tips on avoiding common spelling errors, and offers useful sections on which fussy, old-fashioned grammar rules are valid and which are outdated or misguided and can be safely ignored.
