Zen and the Art of Motorcycle Maintenance: An Inquiry Into Values
by Robert M. Pirsig

Synopsis:=====

At its heart, the story is all too simple: a man and his son take a lengthy motorcycle trip through America. But this is not a simple trip at all, for around every corner, through mountain and desert, wind and rain, and searing heat and biting cold, their pilgrimage leads them to new vistas of self-discovery and renewal. Zen and the Art of Motorcycle Maintenance is an elemental work that has helped to shape and define the past twenty-five years of American culture. This special audio edition presents this adventure in a compelling way - for the millions who have already taken this journey and want to travel these roads again, and for the many more who will discover for the first time the wonders and challenges of a journey that will change the way they think and feel about their lives.
